ABOUT ME

I am Elkhan, a student of Tynystanov University. I am from the city of Karakol myself. I started to get involved in the IT (hardware) sphere since my school years, it lasted 4 years. Then I entered college at the faculty of Software and automated Systems, then about 2 years old I began to be interested in scripts, namely ahk, bat. And in the end, I started working hard on Front-end development (software) for 8 months.
